CHARACTERISTICS

Resistance

HR : Downy mildew (BI) : BI:5-8US/BI:16-26,28-32EU ;

Wine red leaf

Wavy leaf margins

Good texture

DESCRIPTION

Gimlet is a red leaf selected for baby leaf salads.

It produces glossy, wine red leaves with wavy leaf margins and good texture.

The leaves have a narrow stem which makes for a small cut surface.

Vilmorin is a brand of the Business Unit Vilmorin-Mikado. The genetic resistances are not dispensed from prophylactic measures to be used as an addition. Our recommendations, suggestions, growing cycles and maturity information are only indicative and based on our own observations and our general experience. They are not contractual and they do not necessarily imply a successful harvest and/or result. The success of the cultivation also depends on factors non-related with the seed.
